D J Spark-2017

DJ Spark is a state level project competition which was held on 15th April, 2017 in the college premises. Students from various parts of Maharashtra submitted their project ideas, out of which the best ones were selected for the competition. A lot of BE final year students also widely supported this competition by submitting their final year project abstracts. It was a huge success with a total of 28 teams clearing the review process and making it to the final day. A wide array of projects from Electronics and Telecommunication to IT-based projects which could find commercial implementation were presented. The experts from the industry and Academics intensely judge the competition and three best projects were awarded. The paper based on working model was published in the proceedings which has ISBN number.

The teams that won were felicitated and handed a cash prize. The winning teams and their projects were as follows:

First Prize:

ShreyasDhawale,
SurajIyer,
PrathmeshMatodkar,
NiravGori

Project Title: **Soil Based Data Acquisition System & Weather forecasting**
